The concentric rings on a tree not only determine its age, but also its endurance.

B/W PHOTOGRAPHY

The background is a vibrant red surface. Scattered across it are numerous small, three-dimensional rectangular objects, resembling miniature houses or windows. These objects have dark grey or black interiors and are framed by borders in various colors: blue, yellow, green, and white. Some of the objects are tilted at different angles, creating a dynamic and playful composition. In the bottom left corner, there is a large, white, semi-circular shape that partially obscures the red background.
